

NACLI IS COMING TO YOU

The Grassroots Outreach Programme (GOP) is an initiative by the National Community Leadership Institute (NACLI) to enhance outreach by bringing its training programmes out to the grassroots leaders at their constituencies by tapping on existing grassroots organisations' (GRO) meetings and converting them into group learning workshops.

About the GOP

The GOP is opened to any interested GRO. The GOP workshop can be conducted at one of the GRO's regular meetings and grassroots leaders within the constituency are encouraged to attend to form a minimum class size of 30 participants. The topics offered under the GOP are as follows:

- BINGO! – Breaking Ice and Games Organising
- Building Effective Teams
- Conversations That Work!
- Facilitating Effective Meetings
- Fish! – Putting Fun Into the Workplace
- Interpersonal Relations Using Sun Tzu's Art of War (Mandarin)
- Organising Innovative Programmes
- Who Moved My Cheese?

All the workshops offered are of two to three hours duration.

How do GROs apply for GOP workshop?

Application forms are available at the Constituency Office or could be downloaded from NACLI's website at www.nacli.org.sg

Completed application forms should be submitted by the Chairman of the GRO to NACLI through the Senior Constituency Manager (SCM). GRO will be notified of workshop confirmation via the SCM.

Do the GROs need to pay for the workshop?

The GOP is offered to GROs at no charge. However, interested GROs are required to arrange for a suitable training venue, equipment and other logistics support for the workshop.

To avoid wastage of limited training resources, a fee of \$150 will be levied to the GRO if the actual class size for the workshop falls below 30.

Additional points to note

The GOP workshops are strictly opened only to grassroots leaders and not to any members of the public.

Each constituency is eligible to apply for one workshop per calendar year. Due to limited training resources, NACLI would accede to requests on a first-come-first-served basis.
